

**PROTOCOL**

from the meeting of the committee regarding the announced

**Post-Doc position competition**

**within the NCN – SONATA BIS 14 project 2024/54/E/ST8/00100**

**Hybrid method for supporting the selection of an aortic valve prosthesis using CFD simulation, machine learning, and multi-stage validation**

On 10.04.2025, a meeting of the competition committee was held at the Department of Thermal Engineering, Silesian University of Technology in Gliwice, composed of:

- Prof. Dr. Hab. Eng. Wojciech Adamczyk – Project Leader
- Dr. Eng. Marek Rojczyk
- Dr. Hab. Eng. Zbigniew Buliński, Prof. of SUT
- Prof. Dr. Hab. Eng. Ryszard Białecki

The competition committee was appointed by the **Vice-Rector for Science and International Cooperation** by letter dated 09.03.2026.

In response to the open competition (announced on 10.03.2026 by the Dean of the Faculty of Environmental and Energy Engineering of the Silesian University of Technology), four applications were received by the project leader within the deadline specified in the announcement.

Following a comprehensive evaluation, the committee resolved to conclude the competition for the Post-Doctoral position without appointing a candidate. The competition is scheduled to be reopened in April 2026.

Dziekan

Prof. dr hab. inż. Mariusz Dudziak
