INFORMATION ABOUT THE RESULTS OF THE COMPETITION

for the position of:

POST DOC

at the Faculty of Biomedical Engineering

in the Department of Biomaterials and Medical Device Engineering

We would like to inform you that as a result of the closing of the competition procedure for the above-mentioned position, the following person was selected:

PhD Ing Lenka Klecandova

Justification for the selection:

The candidate meets the requirements specified in the competition announcement. After reviewing the application, the Commission reviewed the information on the candidate's scientific achievements and the positive opinion of the candidate.

In view of the above, the Commission puts forward a proposal to employ PhD Ing. Lenka Klecandova for a POST DOC position within the framework of the "OPUS 25" project in the Department of Biomaterials and Medical Device Engineering at the Faculty of Biomedical Engineering.
